CALFED
BAY-DELTA
PROGRAM

Public Comment

Date 24 Aug 99

The CALFED Bay-Delta Program welcomes your participation. Please use the space below for your written comments (attach additional sheets if necessary).

Comments:

As ^{is} evident from the Oil Shortage of the
70's and droughts of the 80's, (Water)
conservation works and should be the first
action ~~is~~ implemented to restore habitats
and improve the quality of our drinking water.
I am ^{strongly} opposed to building new dams ^{and} canals
before other conservation activities are
implemented.
